LEADERSHIP

Organizer

Church of Christ Campus Ministry, UMaT — 2024/2025

President

Church of Christ Campus Ministry, Baidoo Bonsoe SHTS — 2020/2021

PROFILE SUMMARY

Computer Science and Engineering graduate and Associate Mobile Developer with hands-on, production experience building and maintaining offline-first Flutter applications, sync-reliable mobile architectures, and cross-platform tooling. Having completed National Service (NPS), now actively seeking a full-time Mobile Developer (Flutter/Dart) role where I can apply proven experience in feature development, E2E testing, and error-reporting/monitoring tools to help teams ship reliable, user-centered mobile products. Comfortable working across distributed, remote-first teams using Git, Jira, Slack, and Miro, with a track record of clear technical documentation and stakeholder communication.

WORK EXPERIENCE

Associate Mobile Developer, National Service Personnel (NPS) Oct 2025 – Oct 2026

Vitara Company Ltd, Wa, Ghana • National Service — Completed

- **TreeSys Mobile Features:** Built and shipped TreeSys mobile features within an offline-first Flutter architecture, improving mobile application reliability and field UX.
- **End-to-End (E2E) Testing:** Contributed to TreeSys test cases across Mobile and Web, supporting end-to-end (E2E) testing of multiple feature workflows.
- **Agent Onboarding App:** Contributed to a new mobile app for agent onboarding, supporting HR and Agent Managers through application review, interviewing, and training workflows.
- **In-App Error Reporting History:** Built an in-app Error Reporting History feature enabling field agents to submit mobile issue reports directly.
- **Flutter Web Admin Portal:** Built a companion Flutter Web application for the Mobile Team to track and triage reported mobile issues submitted from the field.

Product Management Intern Sep – Dec 2024

Vitara Company Ltd, Wa, Ghana

- **Technical User Guides:** Documented mobile/web module functionalities and created comprehensive user guides, increasing onboarding efficiency for new staff.
- **Employee Training & Adoption:** Trained 15+ employees on platform usage, leading to a 30% boost in adoption and proficiency.

Web Development Intern Sep – Dec 2023

LoGig LLC, Takoradi, Ghana

- **Responsive Web Interfaces:** Developed responsive, mobile-first web interfaces using HTML, CSS, and JavaScript.
- **Cross-Browser Testing:** Assisted in debugging and cross-browser testing, ensuring consistent functionality across major platforms.
- **Front-End Documentation:** Contributed to documentation of front-end features for smoother knowledge transfer and scalability.

Web Development Intern Sep – Dec 2022

LoGig LLC, Takoradi, Ghana

- **Web Applications:** Built web applications with JavaScript, HTML, and CSS, improving user experience and accessibility.
- **Agile Collaboration:** Partnered with senior developers in an Agile setup, contributing to project milestones.
- **Quality Testing:** Performed application testing across devices, reducing reported bugs by 5%.
